

WRITING INSTRUMENT WITH PIVOTABLE TIP

Abstract

~~The invention relates to writing~~ **A** writing instruments ~~which are~~ **is** ergonomically adjusted to the position of a user's hands. ~~To this end the invention provides for a~~ **The** writing device ~~has comprising~~ a substantially tubular shaft (20) ~~and along a~~ main axis (100), a terminal part (50) at the rear end of the shaft and a substantially conical tip (10) at the front end of the shaft (20). **Using the terminal part, the** ~~The~~ tip (10) can be pivoted (inclined) in a controlled (40, 43, 9) manner in relation to the shaft (20) in a plane containing the main axis (100). Alternatively, an angle of inclination (~~alpha~~) of a cone axis (101) of the tip (10) can be adjusted (40, 43, 9) in relation to the main axis (100).
